{ The Mate System between alphas and omegas. }

When having intercourse during Estrus, the alpha will bite the omega near the neck, and the two become "mated." For an alpha, there are no changes. But to an omega, if they are mated during Estrus, they become unable to have sex with partners other than their mate. If they have sex with other partners, diarrhea, headache and vomiting will occur. Generally, it is unheard of to resolve a mating.

(Alpha Biting)

Shape
(of the
bite)

In order to be mated, the alpha will bite there. This bite marks no more signpost.

{ Collar }

There are omegas who wear collars to protect them from the bite of another alpha alpha.

{ Soul-bonding }

There are times when an alpha and omega's pheromones (unrelated to Estrus) attract each other. For them, they feel it at first sight and will definitely fall in love with each other. However, this is a rare case and many consider this to be an "urban legend."

{ The Mechanisms of Mating }

{ Bee }

With the queen bee's hierarchical pheromones, all females other than the queen bee have undeveloped ovaries, so they take on the role of worker bees.

When an alpha bites an omega's neck during Estrus, that is the trigger. When the two pheromones of different classes are connected, they present themselves in the omega. The result being that the omega is incapable of having sex with anyone other than their mate. And even if the omega goes through Estrus, it will not trigger the Heat of alphas other than their mate. There are suppressants to suppress this Heat, but it is still not a definite answer.

I will have

DO

I must

My

I THOUGHT I

I

DESTINY...

...IS SO EASY
TO CHANGE.

And I have accepted that I am a weak person who could not withstand the expectations of an alpha.

Haruto
Kuroda

And as the only son of the Seionji household, I was being crushed by my responsibilities.

I am a weak human.

What I
can do
is...

I believe that everyone, regardless of type or lineage, can succeed.

I want a world with that ideal. But I am thinking of beginning with the Seionji group.

That's what I thought.

A
rational
path.

And
having
to go it
alone.

However,

I
was born
into the
Seionji
family as
an alpha.

In order to
defeat that
